Notice of required meningitis vaccination:

Senate Bill 62 effective October 1st, 2013 requires all newly entering students age 22 years and younger to have a meningitis vaccination within the past five years and at least 10 days prior to participating in any University activity including moving on to campus. This also applies to students who previously attended an institution of higher education and who are enrolling in the same or another institution following a break in enrollment of at least one fall or spring semester. Please show proof of immunization to the Health Clinic at least 15 days prior to your arrival. **Schreiner University, in accordance with SB62, provides written notice of a student's right to claim exemption from the immunization requirement under certain circumstances and the importance of consulting with a physician about the need for the immunization. Please follow the provided link for a complete description of the immunization exemptions, Chapter 21, Subchapter T, Sections 21.610 through 21.614**

STUDENT’S CERTIFICATION

I certify that to the best of my knowledge, all statements I have made in this application are complete and true. I have also read and understand that I must submit proof of meningitis vaccination or the required waiver form at least 10 days before the first day of classes or I will not be allowed to start classes as a coenroll student.
