Committee Strategic Goals 2020-2021

- ❖ Identifies potential collaborative opportunities between SU School of Nursing and the broader healthcare community.
- ❖ Communicates with key stake holders about the SU Nursing programs ongoing academic improvement.
- ❖ Promote communication between nursing education and nursing practice.
- ❖ Provides recommendations in the development of existing and future curriculum.
- ❖ Provide input in the preparation of graduates who are qualified to provide quality health care to diverse populations in a variety of roles and settings.
- ❖ Assist the Nursing Program to identify and develop sources of philanthropic support.

Accreditation Update

Feedback and Growth

1. What can we do as faculty and staff that will help our students be more successful?
2. Ideas for partnership -

Final thoughts

1. Gifts
2. Next meeting – A Wednesday luncheon on campus in October
