

How to Access Your Online Courses

Schreiner One is the student portal where you will access your student email address and student information (paying bills, checking future courses, seeing unofficial transcripts, accepting financial aid, seeing grades, etc).

Canvas is the online learning management system that your courses will be taught in. This is where you get into your current classes to do assignments, exams, contact professors, get syllabi, etc.

Canvas Orientation: There is a student orientation that will show you how to navigate the Canvas system. We highly suggest you go through it so that you're familiar with the new system: <https://resources.instructure.com/courses/32>

Canvas should now be OPEN for you to view your courses as soon as they are opened by your professors (usually a week before classes start). You can get to canvas by logging in to Schreiner One and clicking the link under "Quick Links:"

If you have any issues logging in to Canvas with your *Schreiner* email address, please email the Help Desk at helpdesk@schreiner.edu or (830)792-7344.
