

Schreiner University

2100 MEMORIAL BLVD - KERRVILLE, TX 78028 - (830)-972-7277

Dear Students,

It is my pleasure and privilege to serve as your Dean of Students. As the Dean of Students at Schreiner University I have the great honor of providing leadership and direction for Student Services here on our campus, but I see my primary role as an advocate for students. In my role as advocate, I work closely with faculty, staff and student leaders to enhance the quality of university life for you, the student.

I encourage you to get involved and take advantage of all we have to offer here. Your participation in student organizations and campus life is integral to the intellectual and social environment at Schreiner by providing opportunities for public service, learning and involvement in the university and the larger community. This handbook will assist you in becoming acquainted with services that are available to support you in your educational growth and development in and beyond the classroom. The student handbook will serve as your resource guide to university services, and student life activities and programs.

The Dean of Students Office seeks to facilitate the integration of the academic experience of students with all aspects of the university and student life. The Office encourages interactions among students, faculty and staff to promote a campus climate which supports students' academic success and their personal and professional development.

The handbook will be made available on the web. Note that these policies and procedures are subject to change. Notification of any changes will be made immediately and posted to web where you can find the most updated version of the handbook.

In addition to this handbook, the Dean of Student Office is a resource for all students, and we encourage you to consult us for any advice regarding your experience here at Schreiner.

Go Mountaineers,

Dr. Charles M. Hueber

Dean of Students
